

AFTERMATH

Assessing the Watersheds and Launching Our Recovery

Wildfire Recovery Structure

LEADERSHIP SPONSOR

Esther Vincent

Provide high level oversight

Serve as liaison with Senior Management and External Liaison with Stakeholders

WILDFIRE RECOVERY MANAGER

Greg Dewey

Assistants: Lena Jones/Kirk Tellinghuisen

Responsible for the coordination and oversight of all Northern Water wildfire recovery efforts. Unless otherwise defined by the Project Sponsor, the primary point of contact to external requests/engagement

RECOVERY PLAN COMMUNICATIONS MANAGER

Jeff Stahla/Kristi Ritter

Responsible for external communications and coordination of public events

WATERSHED RECOVERY TEAM

Manager Curtis Hartenstine

**Assistant Manager:
Kimberly Mihelich**

Oversee activities and initiatives generally occurring in the forested watersheds situated above (upstream) of the project's point of collection and/or diversion.

Oversight of water quality and watershed health nexus with existing initiatives and impacts downstream of our facilities.

INFRASTRUCTURE READINESS TEAM

Manager: Joe Donnelly

**Assistant Manager:
Stephanie Cecil**

Assess C-BT and WG Project infrastructure as to its ability to safely operate in conditions identified as likely during a post-wildfire runoff event(s).

In certain instances, lend support to runoff and hydraulic analysis needs within upstream watershed.

Ongoing Coordination/Collaboration with Operations Division.

Operations

Reclamation

WATER SUPPLY PLANNING TEAM

Manager: Luke Shawcross

**Assistant Manager:
Brian Craig**

Identify suite of likely runoff and operational scenarios anticipated in water year 2021.

Each scenario will also be evaluated as to the administration of water management tools utilized by the Northern Water Board and project beneficiaries.

All envisioned scenarios will include an assessment of impacts to water quality anticipated by end users.
