

Public Announcement

Date: February 23, 2018
To: Public Distribution
From: Windy Gap Firing Project Water Activity Enterprise
Subject: Chimney Hollow Reservoir Prequalification Results - Hydraulic Asphaltic Concrete (HAC) Contractors

The Windy Gap Firing Project Water Activity Enterprise (Enterprise) has prequalified three hydraulic asphaltic concrete (HAC) specialty contractors for the HAC portion of the Main Dam of the Chimney Hollow Reservoir Project. Prequalified HAC specialty contractors include:

Strabag International GmbH
Siegburger Str. 241
50679 Cologne, Germany
Phone: +49 221 824-2623
Contact: Markus Limbach

Viedeke Industria AS
Skabos vei 4
0278, Oslo, Norway
Phone: +47 915 11 482
Contact: Vemund Ljodal

Walo US Holdings, Inc.
700 Milam Street, Suite 1300
Houston, TX 77002
Phone: +1 832 871 5270
Contact: David Wilson

Forthcoming bid documents for construction will include a minimum scope of work for HAC specialty construction contractors, minimum experience requirements for the company, minimum experience requirements for key personnel and warrantee requirements for the HAC core. Prequalification of HAC specialty contractors does not eliminate the need for HAC specialty contractors to meet any requirements in the forthcoming bid documents or any licensing requirements or other requirements necessary to legally work in the United States and the State of Colorado.

Prequalification of General Contractors (GC) will not include HAC requirements. Teaming arrangements shall remain non-exclusive. During bidding, GCs shall subcontract with one of these prequalified HAC contractors.

This prequalification is not a representation about the HAC specialty contractors, their staff, equipment, adequacy of their work, ability to perform, or financial standings. The GCs should perform their own due diligence before teaming or subcontracting with any of the prequalified companies. The Enterprise reserves the right, in its sole discretion, to add or remove firms from the list of prequalified specialty contractors at any time.
